The Conference Golf Outing provides an excellent opportunity to network with your peers, while enjoying the scenic Wisconsin Dells countryside. Designed by two-time U.S. Open Champion Andy North and world renowned golf course designer, Roger Packard, Trappers Turn is considered by many to be the ultimate golf course. The course is set in an area carved by glaciers, with the beauty of the Wisconsin Dells countryside as its backdrop creating a uniquely challenging and scenic design. North and Packard masterfully molded a layout to compliment the differing land features. Trappers Turn has been named one of *Golf Digest's* "Best Places to Play." Visit trappersturn.com to learn more about the course.
